Pattern Repeat: 1 Black, 1 Yellow

Pattern Repeat: 1 Red

1. Starting Bands

Place and twist a Black band into a figure 8 onto diagonal pegs.

Place and twist a Red band into a figure 8 onto opposite pegs.

Add one Yellow band above Black band.

Add another Red band above the first Red band.

2. Looping and Building

Place one Black band above Black and Yellow bands.

Place one Red band above Red bands.

Go into channel, lift the bottom band up and over peg to center.

Repeat step A on remaining pegs.

Looping and Building (cont.)

Make sure loops rest equally in center of the HandyLoom™.

Add a Yellow band above the Yellow and Black bands. Add another Red band above the Red bands.

F. Continue repeating steps 2A through E until all bands are used. Always alternate Black and Yellow bands on one set of pegs and put Red bands on the other set of pegs. Note: You should always have three bands on pegs before looping.

3. Finishing

With only two bands left on each peg, lift bottom bands up and over each peg. You will now have one band remaining on each peg.

Lift Black band up and off peg, place on opposite peg with Black band. Attach a C-clip to both Black band loops. Remove Black band loops with C-clip from peg.

Lift one Red band loop off peg.

Finishing (cont.)

Lift loop up and over C-clip.

Lift Red band up and off other peg, then loop over C-clip.

Attach Black band loops at the other end of the bracelet to the C-clip.

Bracelet Making Tips:

1. Sort band colors, making piles in the amount needed per bracelet.
2. Layout band piles following color sequence.
3. Go into the peg channels to hook bands for looping.
4. Push bands down on pegs to make room for newly added bands.
5. Place bands neatly on pegs trying not to twist them.

Colors and styles may vary in elastic bands. Colors chosen in directions are meant as a guide. Use any colors you desire.

Double Band Dragon Scale

Color Sequence

74 pcs. White

70 pcs. Orange

This pattern uses double bands per color. When looping, always hook bottom two bands of the same color.

1. Starting Bands

Place one White band onto pick tool and twist three times around the end. Hook two White bands and slide twisted band onto the two bands.

Place bands onto two adjacent pegs, center the twisted band.

Repeat steps 1A-E. Place bands onto the two remaining pegs.

2. Looping and Building

Place double White bands horizontally onto bottom pegs.

Hook and lift bottom two bands up and over peg.

Repeat step 2A-B on opposite side.

Looping and Building (cont.)

Bands should now be looped onto pegs as shown above.

Place double Orange bands vertically onto each set of side pegs.

Hook two bottom White bands and lift up and over peg.

Continue hooking and lifting White bands until all are removed from pegs.

Bands should now be looped onto pegs as shown above.

Place double Orange bands horizontally onto bottom pegs.

Hook, lift and loop bottom Orange bands up and over peg, repeat on opposite side. Repeat steps 2E through O alternating colors until all bands are used. Set aside four Orange bands for finishing.

3. Finishing loose end of bracelet

Leaving bracelet on the HandyLoom™, finish the loose end of bracelet. With pick tool, pull a single Orange band half way through a twisted White band. Attach a C-clip to Orange band loops. Repeat for second twisted White band.

3. Finishing loom end of bracelet

Bands should be looped onto pegs as shown above.

Remove bracelet from the HandyLoom™ . Using the pick tool, remove White bands from each of the four pegs in order shown keeping all White bands on the pick tool.

Pull bracelet out of the HandyLoom.™

Hook and pull single Orange band half way through one pair of double White band loops. Repeat with another Orange band half way through remaining double White band loops.

Attach Orange band loops to C-clips on other end to close bracelet.
