CUT PATTERN HERE

CUT PATTERN HERE

1. Cut 1 yd. of thread from spool and thread plastic needle.

2. Tape pattern to work surface. Tape 6" of thread to left side of row 1. Thread on 18 beads. These beads will become rows 1 and 2.

3. Slide folded chenille stem through every other bead to form rows 1 and 2 as shown.

4. Remove tape from thread and tie end to chenille stem. Glue knot to secure. Tape chenille stem to pattern sheet, centering beads over color guide.

5. String on the first bead in row 3. Pass needle through last bead in row 2 to secure.

6. Continue adding and securing beads one at a time until row 33 is complete.

7. To create end knot, at the end of row 33, pass needle through thread of previous row and back through loop as shown. Repeat end knot. Glue knot and cut excess thread.

8. Curl up ends of chenille stem to form a loop. Cut a 12" piece of silver cord and tie securely to one loop. Glue and cut off excess. Repeat on other side.
