

Wonder Loom® Beaded Cross

Here is a fun and easy way to make beaded crosses using your Wonder Loom® bracelet maker and pony beads from The Beadery®

You can mix and match your favorite colors of bands and beads so have fun and be creative.

Materials needed:

- 4 9x6 mm barrel pony beads
- 21 Wonder Loom® bands

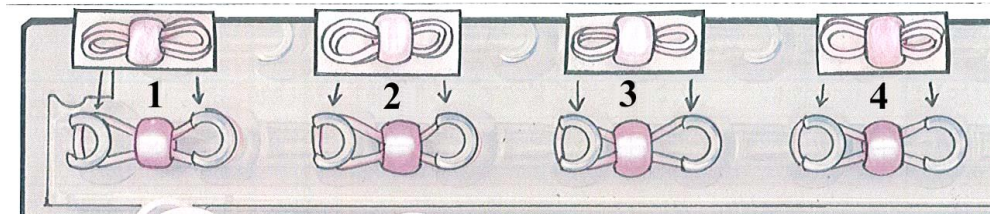

Other items and tools needed:

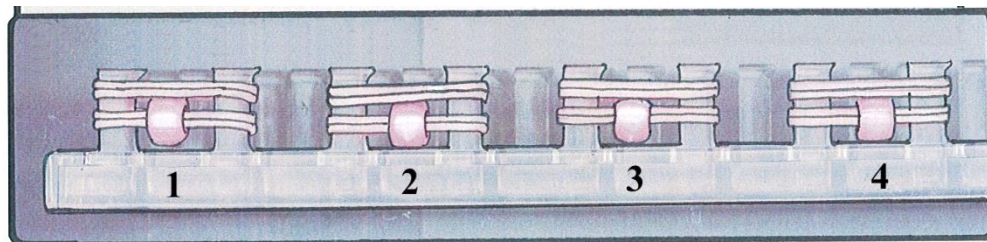

Wonder Loom® kit

Instructions:

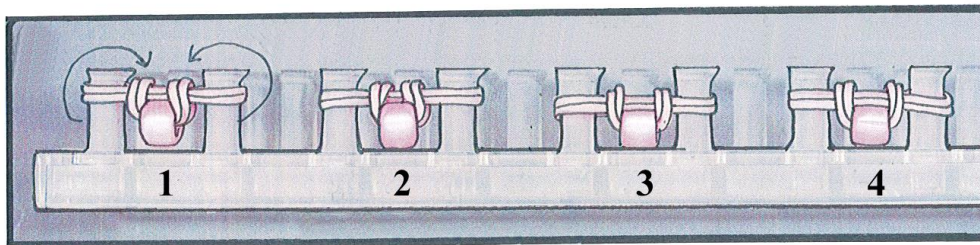

Step 1: Slide 2 bands through each of the 4 pony beads and place them on the first 8 pegs of the Wonder Loom® as shown in the figure below.

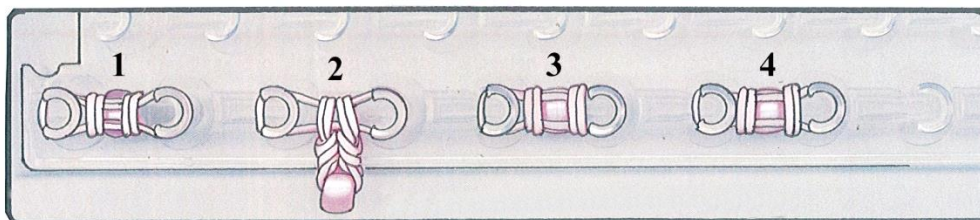

Step 2: Place 2 bands above pony bead on each pair of pegs.

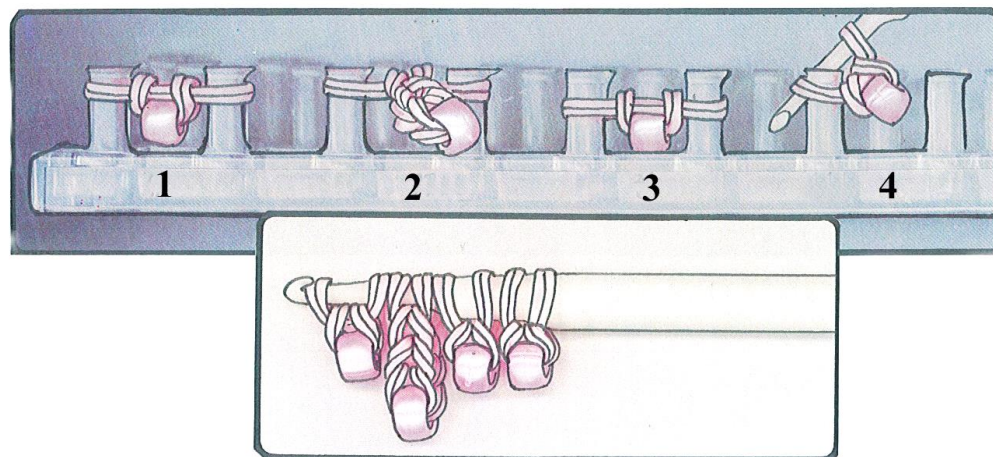

Step 3: Lift each pair of beaded bands up and over the pegs onto the second pair.

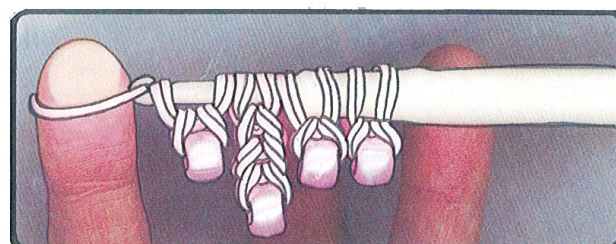

Step 4: Repeat steps 2 and 3 to add 2 more pairs of bands to set #2.

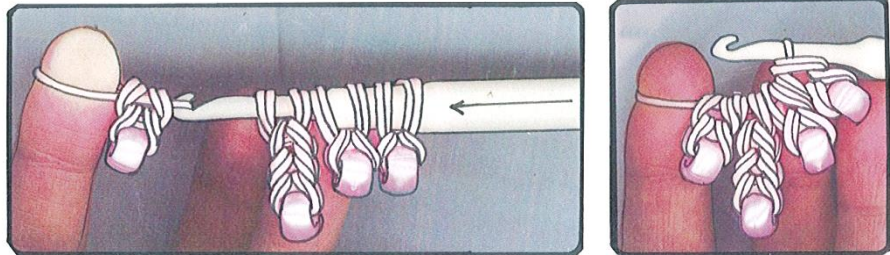

Step 5: Starting with set #4, remove the band segments and leave them on the pick tool.

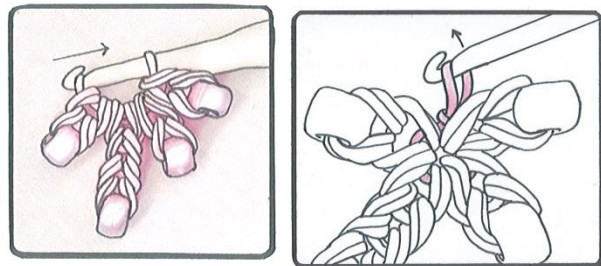

Step 6: Place 1 band on your finger and hook the pick tool to it.

Step 7: Slide each of the band segments onto the single band.

Step 8: Hook the end of the band that is around your finger and pull it through the end on the picking tool to make a slip knot.

Step 9: Adjust the loop by passing the picking tool through the top segment and pulling the loop back to the center. Your cross is now ready to hang as a pendant or attach to a pin back.
