

The Beadery® Crafting Plastic Patterns

Use the attached example patterns to create colorful decorations. These patterns work with our self-adhesive crafting plastic sheets and our Geometric or “Broken” Mosaic Pieces found in our online store.

Materials needed:

Clearly Mosaics™ Pieces

Self-Adhesive Crafting Plastic

- 3094ADH – 6”x9” Rectangle
- 3095ADH – 7” Cross
- 3096ADH – 5” Fun Shapes (Heart / Star / Flower / Circle)
- 3097ADH – 9” Hangers (Exclamation Point / Door Hanger)

Instructions:

Step 1: Place the pattern behind the sheet of crafting plastic.

Step 2: Peel off the protective paper sheet to expose the adhesive coat on the crafting plastic.

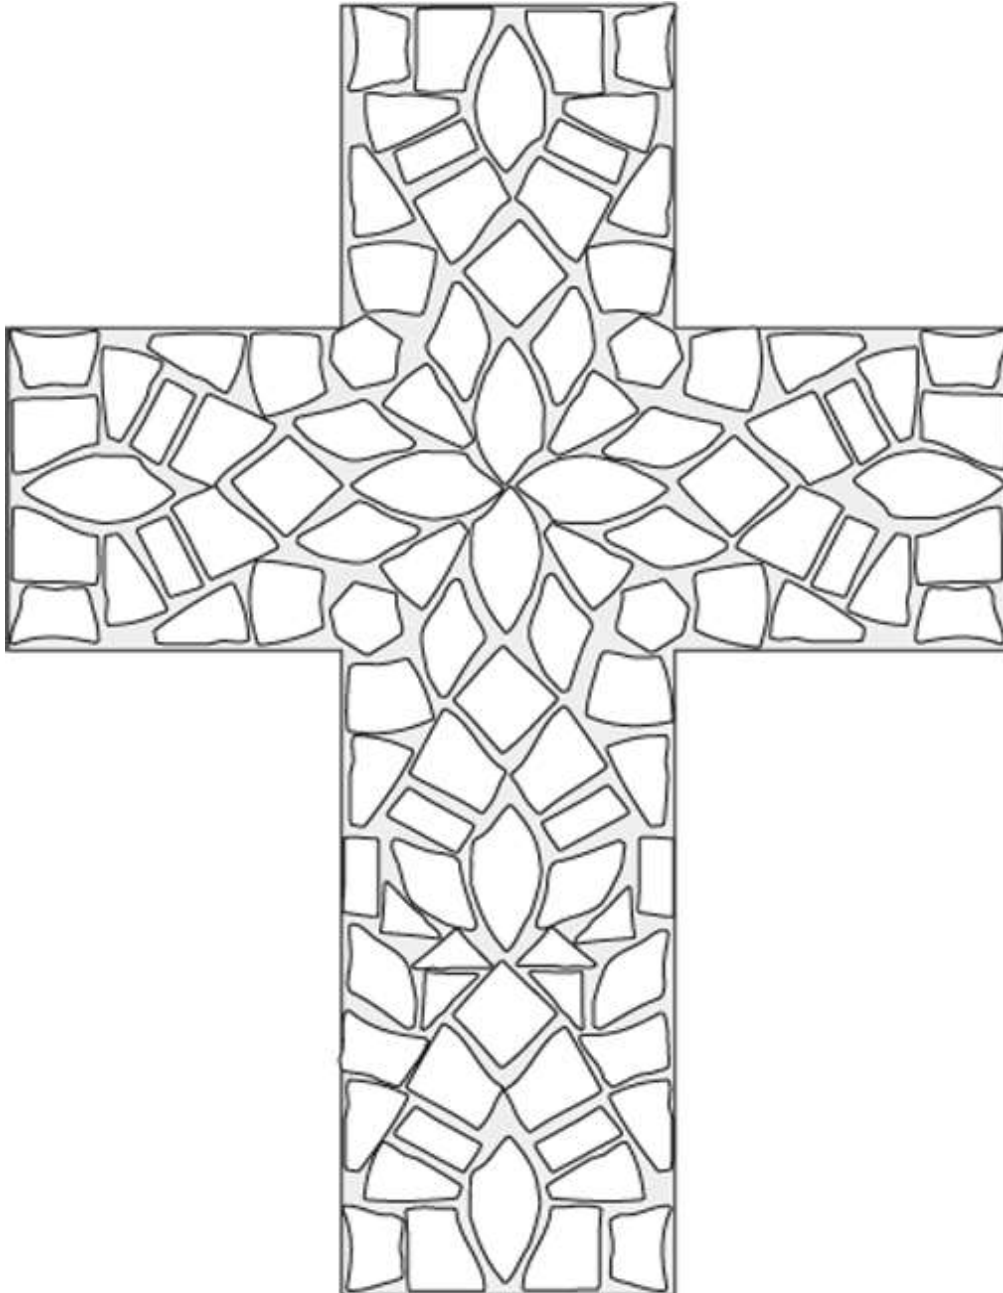

Step 3: Place the mosaic pieces following the pattern.

Crafting Plastic Tips:

- These patterns are just examples of how the Clearly Mosaics™ can be positioned on the different shaped sheets of crafting plastic. There are many more possibilities, so have fun making your own designs and patterns.
- Clearly Mosaics™ pieces can easily be removed from the adhesive to be reposition on the crafting plastic sheets.
- If you do not finish the project all in one sitting, you can place the protective paper sheet back on the crafting plastic to preserve the adhesive.
- Glitter can be sprinkled on the finished project to fill in the spaces between the Clearly Mosaics™ pieces.
